

# Nichols Elementary Vision

## **Dream Big, Inspire Others, Achieve Excellence**

### **The Whole Child**

Teachers know every child by name and need.

Data is used to flexibly group students in order to provide intervention and enrichment.

We focus on developing each child's social, emotional, and physical well being.

All students thrive in a safe and nurturing environment with respect to diverse learning styles.

Students accept increasing responsibility for their learning, decisions, and actions.

A "growth mindset" is encouraged, believing that everyone can learn.

### **Professional Learning Communities**

All campus staff members work together to achieve common goals to support student learning.

Campus teams commit to ongoing learning by seeking out best instructional practices.

A positive culture is promoted and sustained utilizing one's strengths to build capacity in each other.

Instruction is planned in a collaborative environment with a shared responsibility amongst all.

A rigorous curriculum is implemented and applied in meaningful ways.

### **Parents and Community**

We believe education is a shared responsibility of students, school, home, and community.

Partnerships are established with PTA to bring programs that engage our families.

Events and opportunities are offered that support collaboration between home and school.

Clear communication keeps all stakeholders updated on important information for the campus.
