

Dear Rogers Family,

It is a pleasure to be the School Nurse at Rogers Elementary. Thank you for sharing your children with me and trusting me with their care and wellness. From making "boo-boos" better with Band-Aids and tender love and care, to addressing various medical concerns and daily needs in clinic, you can count on me to give your child the attention they need.

I am a firm believer in preventative measures and working together for the better of our children, our school and our community. Please do not hesitate to stay in communication with me if you have any concerns or questions as it pertains to your child's health and well-being. Together we can keep our children healthy!

Please visit the Frisco ISD Health Services website at:

<http://www.friscoisd.org/departments/health-services/home> for further district health information, medical action plans, and medication request forms.

If your child is sick or absent for any illness, please inform the school and your school nurse.

Sincerely,

Rogers Elementary School Nurse

Sinfo Ruiz, RN CDE

Clinic: 469-633-2008
