

Spears Arrival and Dismissal procedures....

Student safety is our number one priority at arrival and dismissal time.

Please read the following guidelines to ensure the utmost safety and efficiency.

- CIRCULATION patterns for both morning and afternoon carpool.
 - ~ ALL traffic (cars and buses) will enter in the far west entrance (see attached map).
 - ~ ALL carpool students must be dropped off and picked up in the front of the school. Back (west) drive will be for buses or walkers/walk-ups only.
 - ~ When exiting onto Wade, two lanes have been designated allowing BOTH left and right turns.
- Absolutely NO PARKING across the street. Towing will be enforced.
- **Morning Drop-off:** All parents wishing to park and drop-off their child during arrival **MUST** use the WEST (back) parking lot. The front parking lot (EAST) is for carpool only or parents needing to enter the school. Please do not exit your vehicle while in the carpool lane.
- **Parents who choose to PARK and walk-up to dismissal should must the WEST (back) parking lot.** (see attached map for “Parent Parking”). These students are considers “WALKERS” and will be released out the end of Pod 2 at approximately 3:05.
- With the adjusted dismissal times, buses will be dismissed first (before walkers and car riders). We ask that you be mindful of possible congestion in the parking lots and on Wade Blvd. as we dismiss buses.
- *Only parents who need to go into the school should use the front/staff parking lot.*

GENTLE REMINDERS....

- Drive slowly in the parking lot and be aware of crosswalks.
- The state of Texas prohibits handheld cell phone use in school zones when students are present. This includes the school parking lot.
