### Bio & Education

I have three wonderful children Brandon, Savannah and Cameron. I was born and raised in Wichita Falls, Texas where I graduated from Wichita Falls High School. I attended Midwestern State University where I received a Bachelor of Science in Biology (Pre-Med) minor in Chemistry. I also received a Masters of Science in Biology (Molecular Biology). I started my career in biomedical research in which I conducted research in the fields lung cancer/breast cancer, leukemia, AIDS/HIV, and worked in a BSL-3 laboratory working with anthrax, tuberculosis, pox, tularemia. I began my teaching career during the 2012-2013 school year.

### Course(s) Taught

AP Biology

### Tutorials

Monday, Tuesday, Wednesday 4:20 PM Room B116  
Tuesday, Wednesday, Friday 8:20 AM Room B116
