### Bio & Education

I am a proud former Navy brat and had the privilege of traveling the world with my family before settling in Garland, Texas in 1992. I graduated from Berkner High in Richardson, earned my B.A. in Psychology at the University of Texas at Dallas, and my M.S.Ed. in Educational Psychology from Baylor (sic 'em Bears!). After working as a student advisor and lecturer at UT Dallas for five years, I began the best career in the world: teaching! I feel extremely lucky to be teaching English and to be a part of the original IHS family. I married my best friend, Travis, in 2011, and we love spending time with our two sweet pups, Campbell and Frederick, and our adorable little boy and future Knight, Jack (Class of 2032).
