Bio & Education

I graduated from Pearland HS in Pearland, TX and am a proud member of the Fighting Texas Aggie Class of 2004, where I received my BS in Chemistry. Before starting my teaching career I worked for Marching Auxiliaries and MA Dance teaching, choreographing & judging for HS dance teams around the country. I worked in their business office for 6 years before transitioning into public education. I began teaching in CFBISD and began my 5th year of teaching with Frisco ISD in 2015. I have been married for 6 years to my husband Aaron and we have a daughter Halle who will be 3 in December plus another one on the way! I am excited to be a part of such a fantastic staff at Independence HS and look forward to many, many years in our growing Knight family.
