Bio & Education

I am pleased to be your mathematics teacher this year and am eager to get to know you throughout the year. Here's a little about me to get us started:

I was born and raised in Texas! After graduating from Plano Senior High School in 2003 with honors, I earned a bachelor's degree in business marketing from Texas A&M, Whoop! Realizing my passion for teaching, I became alternatively certified and have been teaching for the past eight years. I currently reside in Frisco with my husband, Andy.

Course(s) Taught

This year I have the pleasure of teaching Geometry and PAP PreCalculus.

Tutorials

Geometry Tutorials are held in C224 @ 8:20 MTWF & 4:20 MTW.
PAP PreCal Tutorials are held in C225 @ 8:20 MTWF & 4:20 MTW.

Activities/Hobbies

I enjoy being creative, so I make and sell art for home decorating in my free time. I also enjoy being active, so in the evenings my husband and I play sand volleyball as often as we can and walk our dogs to the Frisco Square. My husband and I are very involved in our church, Crossroads Bible Church. I lead an all-girl high school small group and my husband and I lead worship together on Sunday mornings.
