The screenshot shows the MyPaymentsPlus.com website. At the top right, it says "secure solution". Below this is a navigation menu with links for "About", "Benefits", "Availability", "FAQs", and "Testimonials". The main content area features a testimonial from a parent of Wise County Public Schools, stating: "I love this system. I'd love it even if the alert and auto-pay features were not available, but they are the icing on the cake. I do not have to worry now that my kids might not have lunch money. This has helped us so much." The testimonial is accompanied by a photo of a group of diverse students sitting on the floor and looking at their smartphones. Below the testimonial, it says "Welcome to MyPaymentsPlus Your One-Stop-Shop for all School Related Payments". On the left side of the page, there is a "Secure Sign In" section with input fields for "Email or Username:" and "Password:", a "Sign In" button, and a link for "Forgot your username or password?". Below that is a "New customer?" section with a "Register a FREE account" button. A red arrow points to this button.

- This is the same program that allows you to put money in to a lunch account.
- If you do not have an account, your parent/guardian will need to register for a free account using an email address and your student ID.
