Bio & Education

I was born and raised in Bismarck, North Dakota. Shortly after high school I joined the military. I served 4 years in the US Army Airborne Infantry when I was honorably discharged as a Sergeant E5. It was after a series of career changes that I found my calling as an educator and decided to go back to school. I received a Bachelor of Science degree in Physics from UT Dallas. I began my teaching career in Dallas ISD, and quickly made my way to Frisco where I have taught for five years. I am experienced teaching Algebra, Geometry, Environmental Science, Chemistry and Physics, with Physics being my favorite of course!!

Course Taught

A1: Physics-C205
A2: Conference
A3: Physics-C205
A4: AP Physics 1-C205

B1: Physics-C205
B2: Physics-C205
B3: AP Physics 1-C205
B4: Physics PLC

Tutorials

Tutorials

Monday-Thursday 8:15 am-8:45 am

Monday and Wednesday 4:15 pm-4:45

ALL TUTORIALS ARE IN C205
