Bio & Education

I am a first year teacher and I am glad to be back at The Original Frisco High. I graduated from Frisco High in 2006. I have an Associates of Arts from Collin College as well as a B.F.A. in Graphic Design from Texas Woman's University. After graduating from TWU, I began working as a graphic artist for a small agency in Richardson. I look forward to teaching graphic design at The Frisco High School.
