Bio & Education

¡HOLA!

I'm Sra Montenegro. I'll be your student's Spanish teacher this school year. This is my 16th year teaching Spanish and my 12th year at Frisco High School. I am from Guatemala, Central America. Spanish is my first language and for this reason, I understand the process of learning a second language. It requires discipline and a passion to learn. I am married and have three awesome children. I came to Texas 25 years ago and learned English by watching TV and later going to school. I graduated with my bachelor's and master's degree in Counseling from UTSA, in San Antonio. My three children have all graduated from college. When you have the opportunity, take your children to a college campus and show them the opportunities they have in life to grow professionally. Also, provide them with opportunities to travel to Spanish speaking countries to practice their Spanish and to learn more of our beautiful Hispanic culture, values, and beliefs.
