COMMON APPLICATION: WHERE DO I FIND THE ESSAY QUESTIONS?

If applying to a private or out-of-state school, preview the Common Application essays for 2018-2019 at:

- <http://www.commonapp.org/how-apply>
- Essay questions are posted.

The screenshot shows the Common Application website interface. At the top, there is a navigation bar with links for 'Plan Ahead', 'Explore Colleges', 'Virtual Counselor', 'How To Apply', and a green 'Apply Now' button. Below this is a progress bar with five steps: 1 | CREATE, 2 | ADD, 3 | UNDERSTAND, 4 | GATHER, and 5 | START. The '1 | CREATE' step is highlighted. The main content area features a large image of a laptop displaying the 'Log In to My Application' form. The form includes fields for 'Email' and 'Password', a 'Forgot password?' link, and a 'Log In' button. To the right of the laptop image, there is a section titled '1 Create Your Account' with a sub-heading 'Create Your Account'. The text explains that no preparation is required for this step and that users can create their account as early as they like. It lists the required information: name, date of birth, address, and phone number, and notes that a valid email address is needed. A note at the bottom states: 'Note: Your email address will become your username and the Common App's primary method of sending you updates and reminders, so make sure that you provide an email address that you check on a regular basis.'

Common Application Essay prompts:

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
3. Reflect on a time when you questioned or challenged a belief or idea. What prompted your thinking? What was the outcome?
4. Describe a problem you've solved or a problem you'd like to solve. It can be an intellectual challenge, a research query, an ethical dilemma - anything that is of personal importance, no matter the scale. Explain its significance to you and what steps you took or could be taken to identify a solution.
5. Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.
