### **Bio & Education**

I came to FHS in January of 2014 and am thrilled to be a Raccoon! Originally from Colorado, I attended Colorado State University where I obtained a Bachelor of Science degree in Family and Consumer Sciences Education. From CSU, I began teaching at ThunderRidge High School in Highlands Ranch, CO. where I taught Food and Nutrition, Child Development and Culinary Arts. I am very passionate about what I teach and feel that Family and Consumer Sciences courses strongly support the core subjects taught in high school.
