

Frisco High School – Flex Time – FAQs

What is Flex Time?

Flex Time is a 30-minute block of time each day when students can choose what activity is best for them based on their academic and/or personal needs.

What can I do during Flex Time?

FHS students will have the opportunity to seek academic support through teacher tutorials, create peer study groups, complete homework and make-up assignments, attend club meetings, utilize the library, attend study and soft skills workshops, enjoy quiet time listening to music or reading, or socialize with their peers. Students who are in need of extra support in classes will be required to attend teacher-assigned tutorials. Through Flex Time, our students are empowered to make the appropriate academic and social decisions necessary for success at Frisco High School. Flex Time is a great benefit for students who are involved in extracurricular activities or ride a bus to school as students can now access their teachers for support during the middle of each day as needed. In addition throughout the year, flex time will also be utilized for pep rallies, class meetings, and school assemblies in order to decrease the amount of instructional time that is used for school-wide activities.
