### Bio & Education

This is my 13<sup>th</sup> year teaching, all of them with Frisco ISD. I graduated from UTD with a degree in Microbiology. I also have Master's in Education from UNT. In addition to teaching Biology, I also serve as the Science Department Chair at FHS. I believe in a student center class and honestly love what I do! I have two kids, one is an 8<sup>th</sup> grader at Vandeventer Middle School and the other is a junior at Liberty High School. I am proud to be a part of FISD and Frisco Community.
