

## Haunted Fun Run:

By: Mr. Shurr, FHS USITT Advisor

This weekend the USITT kids assisted in Cooper Fitness of Craig Ranch's Trail of Terror. A haunted one mile fun run and haunted 5K/10K. We got word of this event Mid September and the kids dove in full on. They designed, implemented, set up and tore down the entire haunt, from set pieces to costume to make-up to making each station a cohesive

idea. They absolutely blew me away. I have been working with haunts all my life and most need at least 3 months to do it. Our kids did the whole thing in a little over a month. Over 35 of us were there nearly 12

hours Saturday and managed to do exactly what they asked... scare the stuffin out of people.

## New Student Luncheon:

By: Kallee Hills 10 and Zaritma Ramirez 10, Journalism 1

Almost 200 new students from all around the world have started off the school year at Frisco High School, from as far as Japan and as close as San Antonio. The school counselors wanted a way to make all the new students feel welcome and give students the opportunity to meet other new students. Students were treated to pizza and games in

order to break the ice. "We really just wanted to get to know all of our new students and introduce them to other new kids," FHS Lead Counselor Mrs. Kelli Chandler said. One of the many new students that has arrived at Frisco High School is senior Trevor Lewis. He moved from San Antonio and enrolled August 20. "I like it

a lot better here; it's a lot more spacious and everyone here is much more friendly," Trevor said. Upperclassmen were grouped in one session, and ninth graders and tenth graders had their own pizza and activities. "So far, everyone I have talked to is really enjoying FHS and I've heard a lot of positive feedback," Mrs. Chandler added.
