## Yearbook Photographer Wins Award:

Aaron Martin, a senior at Frisco High School, was one of 257 winners in Josten's Quill and Scroll Award Contest. According to sources at Frisco ISD, Aaron is believed to be the first student in the district to have ever won this prestigious award. Toni Marsh, yearbook editor at FHS, stressed the significance of this award. "It

does have a set criteria and you have to be in the top 30 of your class or have a B average," she said. "You have to have done something of value for journalism." Aaron has seen his efforts pay off. "I feel really accomplished for my age and hope to win more awards in the future," Aaron said. "I just want to thank Mrs. Marsh for getting me

more interested in photography and introducing me to contests." More than 1800 students entered the various categories, but only a fraction of the students were picked. The Quill and Scroll award is nationally recognized and it gives Aaron an additional advantage when applying for college scholarships.
