Bio & Education

This is my 10th year of teaching Biology and 7th year at Frisco High School! I graduated from R.L. Turner High School in Carrollton Farmers Branch and attended The University of Texas at Dallas and earned a double major in Biology and Business Administration. I have been teaching high school Biology ever since! I married my husband Paul in 2008 and we had Kaitlyn in Jan of 2011. We are expecting a baby boy in Oct 2013! We live in Frisco and I truly enjoy working in the community where I also plan to raise my family.

Course Taught

A1: PreAP Biology
A2: AP Biology
A3: Conference
A4: AP Biology

B1: PreAP Biology
B2: PreAP Biology
B3: AP Biology
B4: Conference

Tutorials

Tutorials for PreAP Biology will be held in B205 with Ms. Gates and Coach Hodapp and in B201 with Mrs. Moran. Tutorial help is available most mornings and afternoons Monday through Thursday. Students are encouraged to seek help from any PreAP Biology teacher who is available. Please speak with me in class or email me directly to arrange a specific tutorial time with me if needed.

Activities/Hobbies

-  I truly care about my students and I hope to excite them with the world of living things in Biology. I teach this course because I love the content of this course!
-  When I am not in school, I enjoy spending time taking my daughter to the pool or lake. I enjoy wakeboarding and sewing when I can find the time!

Frisco High School
