
2017-2018 Gifted Referral Information January 3 – 22, 2018

Parents, teachers, school administrators, students, and community members may refer a child for gifted screening. Please note, if the student tested in the spring or fall of 2017, he/she is not eligible for testing.

Referrals may be made for the following grade levels:

Elementary School – 3rd and 4th

Middle School – 6th, 7th, and 8th

High School – 9th, 10, and 11th

Referral Window: January 3 – 22, 2018

Campus GT teachers will begin taking names of referred students January 3rd, and referral links will be sent to parents/guardians Jan 8th. Please look for an email from GiftedTalented@friscoisd.org to access the referral link. Emailed referral links will become inactive at midnight January 22, 2018, and no referrals will be processed after that time. Please do not wait until the deadline to complete a referral.

View the GT Referral Information Video prior to contacting your campus GT teacher for a referral link. The video can be found at the following link <http://www.friscoisd.org/departments/gifted-education/referral-and-screening>.

If you have any questions regarding the FISD gifted and talented referral, screening, or identification process, contact a member of the GT team on your student's campus.

*High school students identified in the spring of their 9th grade year, or thereafter, will not be eligible to take GT Humanities.
