## Science

robertske@friscoisd.org | 469-633-5955, ext. 55915

### Bio & Education

I am originally from Massachusetts and have been living in the great state of Texas for 10 years. I am privileged to have travelled all over the world in my previous career as a classical musician. I lived in Santiago, Chile for 15 years, and I have two children, a 16 year old son and a 14 year old daughter.

I received my Bachelor's Degree at the Curtis Institute of Music in Philadelphia, where I also studied at the University of Pennsylvania. I have a Master's Degree in teaching physics from the University of Texas at Dallas.

### Course Taught

 Physics
