LEBANON TRAIL HIGH SCHOOL
EDUCATOR PROFILE

Lebanon Trail High School Staff are building a world-class school through our core values.

Achievement

We set the highest expectation of being a world-class school by focusing on continual improvement through collaborative efforts.

We...

- are student driven and data informed when striving to meet goals and expectations.
- consistently reflect and adjust to meet the goals of our students and professional learning communities.
- develop innovative lessons for global applications that engage all learners at high levels.
- collaborate with students and professional learning communities on high expectations and how to consistently raise the bar to improve student learning and performance.

Purpose

We inspire thoughtful, successful, and socially responsible leaders through a learning community driven by values and achievement.

We...

- make interdisciplinary connections to equip students with the skill set for innovation in an evolving global scene.
- engage with students on an individual level, understanding their unique gifts and personal values.
- create a safe learning environment so creativity and challenges can bridge the gap between struggle and success.
- work for the betterment of ourselves, our students, our community, and our world.

Character

We model reputable moral and ethical qualities needed in the relentless pursuit of excellence.

We...

- exude passion for our craft to generate confidence in our students.
- embrace feedback and humility to improve teacher effectiveness and student outcomes.
- are empathetic, flexible, and adapt to meet individual student needs.
- embrace the diversity of our student population to promote an inclusive learning environment where all students feel valued.

Leadership

We lead purposefully in the fearless pursuit of innovation, personal success, and pride in one's self, school, and community.

We...

- continually pursue innovation while demonstrating the importance of resilience and reflection.
- recognize and support personal and team growth in all areas.
- are solution-oriented when facing challenges and use failure to model resiliency in our own learning while empowering others to do the same.
- are leaders in our content and community.
