

Redhawk Students and Parents:

The Algebra 1 STAAR EOC will be administered on Tuesday, May 8, 2018. The Biology STAAR EOC will be administered on Wednesday May 9, 2018. The US History STAAR EOC will be administered on Thursday, May 10, 2018. Students will be given four hours to complete this test. On that day, lunch schedules will be modified to support student completion of exams. Your student may be eating lunch later than normal on that day and is encouraged to bring a non-messy snack and a bottle of water with a lid to eat and drink during testing. No liquids except water in a bottle with a lid will be allowed in the testing room. Your student will have access to the cafeteria during lunch, so your student may either bring or buy lunch on testing day unless they have a testing accommodation and have been notified to bring a sack lunch on that day.

Please ensure that your student is at school no later than 8:45am on this day in order to begin the test on time. Remember that this test is one of the tests that your student must pass in order to graduate from high school in Texas.

Students **MUST** leave backpacks and cell phones/electronic devices including cell phone watches at home or in secure locations such as lockers during testing. **ABSOLUTELY NO CELL PHONES OR BACKPACKS WILL BE ALLOWED IN TESTING ROOMS.** Please encourage your child to locate and open their locker prior to testing day. An e-mail was sent to all parents and students that are testing with your child's locker number, combination and assigned testing room.

Students in possession of a cell phone/electronic device including cell phone watches in the testing room will result in disciplinary action and the student's test could be voided.

Finally, encourage your student to get a good night's rest and to eat a good breakfast in preparation for the test.

Thank you,
Campus Testing Coordinator & LHS Counselors
