## Essay prompts :

### **Topic A: REQUIRED**

What was the environment in which you were raised? Describe your family, home, neighborhood, or community, and explain how it has shaped you as a person.

### **Topic B: REQUIRED**

Most students have an identity, an interest, or a talent that defines them in an essential way. Tell us about yourself.

# COMMON APPLICATION: WHERE DO I FIND THE ESSAY QUESTIONS?

If applying to a private or out-of-state school, preview the Common Application essays for 2017-2018 at:

- <http://www.commonapp.org/how-apply>
- Essay questions are posted.

# Common Application Essay prompts:

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
2. The lessons we take from *obstacles we encounter* can be fundamental to later success. Recount a time when you faced a *challenge, setback, or failure*. How did it affect you, and what did you learn from the experience?
3. Reflect on a time when you *questioned* or challenged a belief or idea. What prompted your *thinking*? What *was the outcome*?
4. Describe a problem you've solved or a problem you'd like to solve. It can be an intellectual challenge, a research query, an ethical dilemma - anything that is of personal importance, no matter the scale. Explain its significance to you and what steps you took or could be taken to identify a solution.
5. Discuss an accomplishment, event, or *realization* that *sparked a period of personal growth and a new understanding of yourself or others*.
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.
