

Be Involved. Save Lives.

OUR MISSION IS TO SAVE LIVES by delivering cures to people diagnosed with life-threatening blood cancers through marrow transplants. But we can't do this important work alone. We work with amazing partners and volunteers like you to help the more than 14,000 patients in need of transplant. **JOIN US!**

Lone Star High School needs your HELP!

Anton was diagnosed on Jan. 9, 2017 an aggressive form of Acute Myeloid Leukemia. He is a loving Son, Brother, Husband, Father, Teacher and friend. He and his wife Christie have selflessly given their time, energy, love, encouragement and gifts to those in their community. The Bucher Family needs your help now. His hope for a possible cure is marrow transplant. Please consider attending our event & share our Lone Star High School Saving Lives online drive link with everyone you know in the USA.

This event has been scheduled to add willing and committed new members in hopes of finding a life-saving match for Anton and the over 14,000 other patients with leukemia, lymphoma and other life threatening diseases like sickle cell. Their only HOPE for a CURE is a marrow transplant. **YOU could be the CURE**

Lone Star High School Saving Lives

**Marrow Donor Registry Event Ages
18 to 44**

Date: Thursday- Feb. 23, 2017

What is required to be a committed new member of the registry?

- Eligible donors must be 18-44 years of age and in general good health.
- Be willing and committed to donate to any patient that you might match.
- Registration involves completing a consent form and a simple cheek swab test.

This places you on the Be The Match Registry for anyone you might match.
You only need to join once in your life.
