

Web Technologies

Angel Boyles

CTE Center

Email: boylesa@friscoisd.org

Website: www.friscoisd.org

Prerequisite:

Students should complete one of the following courses before taking Web Technologies

- Business Information Management I
- Digital Graphics & Animation
- Digital & Interactive Media

Study the ever changing world of technology and the careers that are waiting for you in this one credit course that is available for students in grades 10 through 12!

Are you self-motivated? If so, this project based course is for you. Students must be willing to put in the time, effort, and energy to complete projects that include but are not limited to planning, designing, building, and maintaining effective web sites.

Through the study of web technologies and design, students learn to make informed decisions and apply those decisions to the field of information technology.

The knowledge and skills acquired and practiced will enable students to successfully perform and interact in a technology-driven society.

This course may count as a technology applications credit.
