

PRINCIPAL'S MESSAGE

I am so excited to be a part of such a wonderful program for students in Frisco ISD that need our services. I, along with the caring and knowledgeable teachers and staff at the Student Opportunity Center, believe that each student that passes through our doors has the potential to be successful both academically and behaviorally. I believe that each student is a star that we are polishing into a young adult that will become a productive, successful citizen. As our students leave our programs, it is our commitment that they will have the tools needed to either return to their home campus or continue on to the next stage of their education successfully.
