

Janet Kurth has been the Quest teacher for the past two years in Frisco ISD at Curtsinger and Nichols Elementary Schools. She pursued her passion for teaching and rejoined the teaching profession after staying at home with her children for a few years. Before being a stay-at-home mom, Mrs. Kurth taught first and second grade in Plano ISD after obtaining her degree from Oklahoma State University. While teaching 17 years in Plano ISD, she discovered her passion for students who need to be challenged, so she received her Master's Degree in Gifted Education from Texas Woman's University.

Mrs. Kurth resides in Frisco with her husband, Barry, and their two children, Andrew (12) and Hannah (10). They love to travel and hike with their golden doodle, Bailey.
